

# Physical Content - AT THE SHOP - let's discover English

✚ Guidance Note – How to Use the “physical content” as pedagogical materials

In this folder, you will find downloadable and printable teaching materials to help you build your own language awareness activities.

🎨📄 The content includes:

- colour cards
- number cards
- fruit cards
- a family card game
- a fortune teller (also known as a paper "cootie catcher")
- fake euro coins for shopping role-play
- two comics featuring the discovered words

🧑🏫 These cards can be used:

- by theme, or by mixing themes
- as simple flashcards
- for pair or group games, such as:
  - a memory game (goal: find matching pairs)
  - a battle game (goal: players flip cards and look for matches)
  - a family game (goal : find the 4 cards of the same family)

💡 The cards offer multiple playful uses that support learning through fun and interaction.

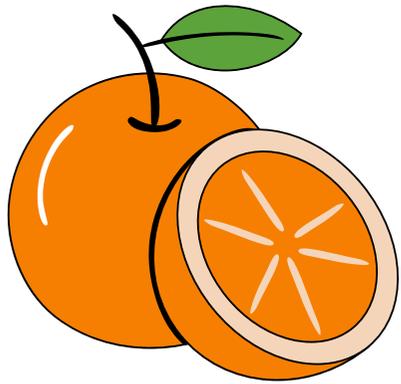

👉 You will also find blank cards, allowing you to create your own content based on your learners' needs and ideas.

🌀 The fortune teller combines different themes in a dynamic and engaging way. Children can also customise their fortune teller by hiding “surprises” under the flaps for the other players.

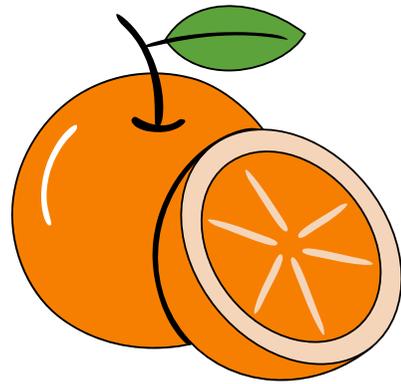

🗣️ Whatever game you choose, always encourage children to say out loud what they see, point to, or discover. This enhances oral expression and memory.

🎉 Have fun exploring and learning!
