

Let's discover Greek in Greece

At the Greengrocer's

In this module, you will find:

- **1. Dictionary**

Illustrated, with all the useful vocabulary for this module.

- **2. "What is missing?" game**

Easy mode: Show 3 fruit/vegetables cards and then remove one card. The players in turns have to name the missing fruit/vegetable.

Hard mode: Show all 4 fruit/vegetables cards and remove one.

The fruit/vegetables cards can be printed with their names on the other side, so that the game can be played with groups of players who can check their answers on their own.

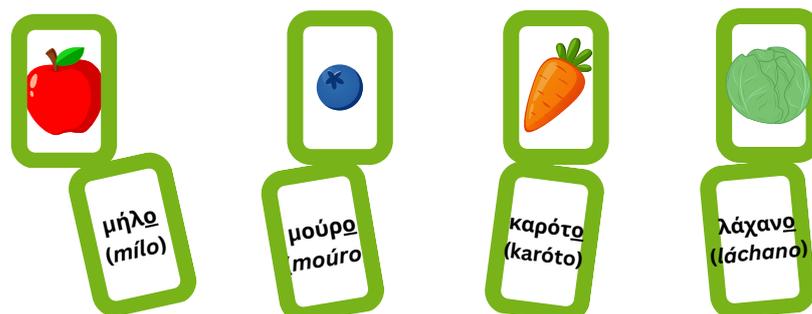

- **3. Fruit/Vegetables' Memory game**

Easy mode: First mix the 4 fruit/vegetables cards and their 4 name cards in singular number and put them face down on the table. Each player turns 2 cards over and tries to find a pair. The player with the most pairs at the end of the game wins!

Play again but with the 4 fruit/vegetables cards and their 4 name cards in plural this time!

Hard mode: Mix the 16 fruit/vegetables and name cards and find the right pairs. The player with the best memory is the winner!

Easy mode:

Let's discover Greek in Greece

At the Greengrocer's

Easy mode:

Hard mode:

• 4. Name the number in a funny voice

Show the numbers cards mixed up. The players have to name the shown numbers in funny voices e.g. loud, whisper, like a robot.

• 5. Numbers' Memory game

Mix the 4 numbers cards with their 4 name cards and put them face down on the table. Each player turns 2 cards over and tries to find a pair. The player with the most pairs at the end of the game wins!

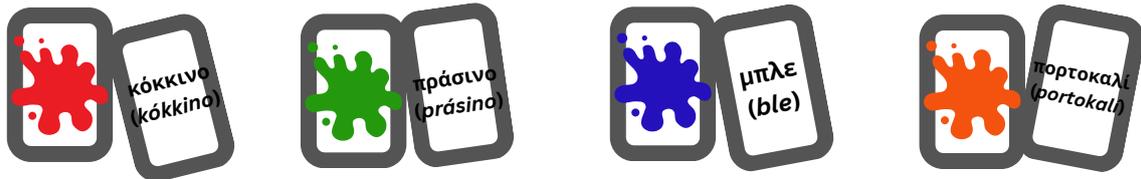

Let's discover Greek in Greece

At the Greengrocer's

• 6. Colours' scavenger hunt

Colours cards and the cards with their names are scattered/hidden around the room. According to their learning level, the players have to find from 2 up to 4 pairs of colour-name cards. The player with the most correct pairs wins!

• 7. Fruit/vegetables' game of fours

Mix the 16 fruit/vegetables cards (light blue cards) and put them face down on the table. Print the name cards of the fruit/vegetables (8 light green cards), the name cards of the numbers (4 purple cards) and the name cards of the colours (4 grey cards). (* If the players are more than 4, print the name cards of each kind twice.) Mix the fruit/vegetable, the number and the colour name cards, put them face down on the table, as well, and distribute 4 of them to each player. From the pile of the 16 fruit/vegetables cards put 4 face up.

The players take turns and try to match each one of their cards with the 4 ones in front of them according to the name, colour and number of the shown fruit/vegetables. If a player does not have a card to match or runs out of cards, takes one from the pile. If there is still no card to match, she/he keeps it and waits for her/his turn.

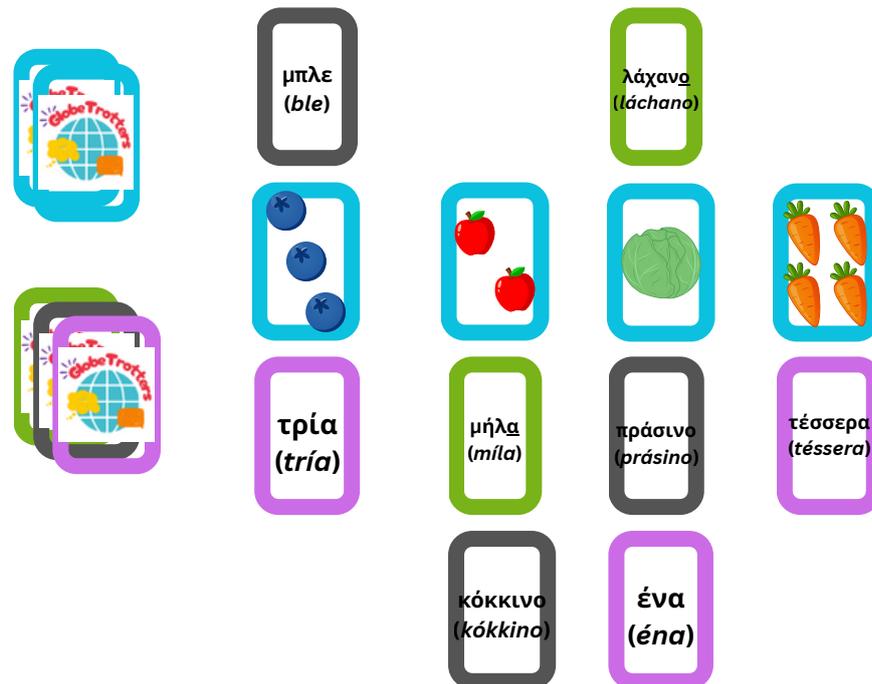

When a foursome of cards is formed, that is a fruit/vegetable card - a name card - a colour card - a number card (the order of the cards does not matter), the player who has put the last card of the foursome is the winner of the round! She/He keeps the fruit/vegetable card of the foursome, while the other 3 cards are placed back at the bottom of their pile and a new fruit/vegetable card is placed in the line of the 4 cards. And the new round begins!

The player first to gather 3 (or 4 or 5, you decide!) fruit/vegetables cards wins!

Let's discover Greek in Greece

At the Greengrocer's

- **8. Funny fruit and vegetables' drawings**

Draw the fruit and vegetables according to the given instructions. Something strange is happening, don't you think?

- **9. Fortune Teller**

Draw your fortune teller, cut it according to the given instructions and let the game begin!

Be ready, customers, the greengrocer has a surprise for you!!! A smelly sock? Or candies? Let's laugh and play again!

*Here's a video to watch, if you want some extra help for folding your fortune teller: <https://www.youtube.com/watch?v=SAhillTxUYA>

- **10. Dialogues and comics reading comprehension**

Use them to practise reading comprehension, to read aloud to practise pronunciation and interactions, or as a base for a short role play!

Let's discover Greek in Greece

At the Greengrocer's

Draw and cut your fortune teller.

Let's discover Greek in Greece

At the Greengrocer's

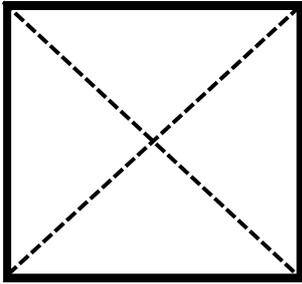

Here's an example of where to draw on your fortune teller.

Let's discover Greek in Greece

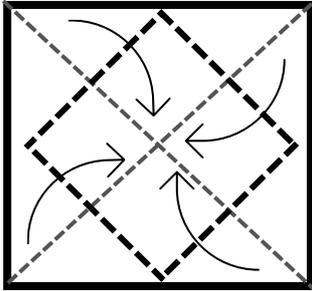

At the Greengrocer's

1

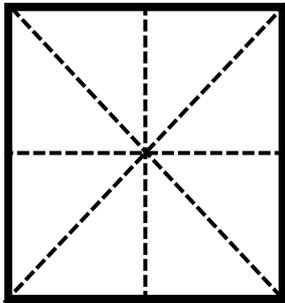

With pictures face down, fold on both diagonal lines. Unfold.

2

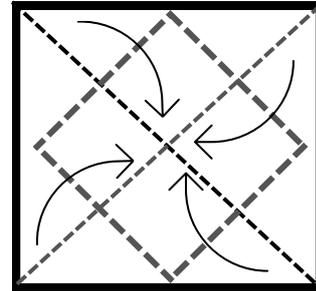

Fold all four corners to the centre.

3

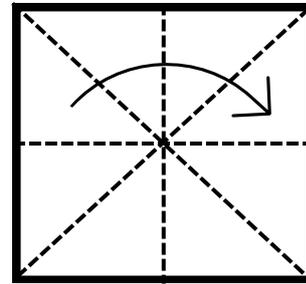

Turn paper over.

4

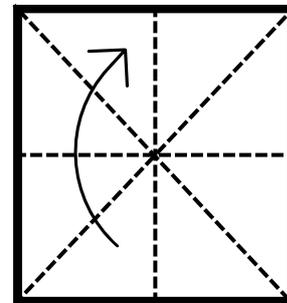

Once again, fold all corners to the centre.

5

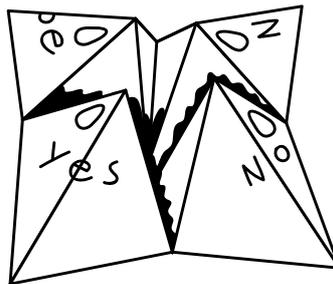

Fold paper in half and unfold.

6

Fold in half from top to bottom. Do not unfold.

7

Slide thumbs and forefingers under the squares and move the fortune teller back and forth to play.
